ZERO GRAVITY

ABOUT US:

We are official club formed by students of IT Dept. from SKNCOE in oct 2019

OUR AIMS

- Skill Enhancement
- Knowledge Sharing
- Industry Exposure
- Hackathons & Competitions
- Skill Development
- Cultural Exchange
- Collaborative Projects
- Community Engagement

OUR VISION

Colleges are not just places of academic learning but are also platforms for holistic development, nurturing talent, and fostering a sense of belonging. The introduction of The Zero Gravity aligns perfectly with this philosophy. This club is not just another extracurricular activity; it is an opportunity for our students to come together, share their passions, and collaborate in ways that will undoubtedly contribute to their personal and academic growth in both 'Technical and non-Technical' aspects. Our tagline says it all

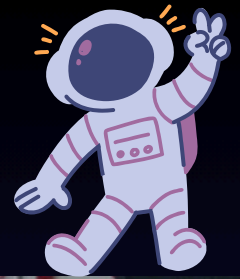

Collaborate, Learn & Innovate

OUR PILLARS

Dr. M. L. Bangare
HoD, IT Department

Our Zero Gravity Club Members

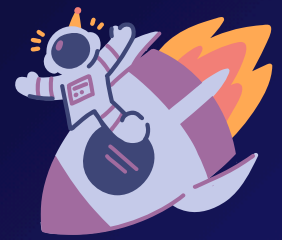

OATH CEREMONY

On 25th August 2023, members of the club gathered together at 12:15 pm in the IT Seminar Hall to swear oaths, promising to fulfill their duties towards the club. The Oath-Taking Ceremony was a formally conducted and meticulously planned event which saw the participants swear allegiance to it. The ritual began with introductory speeches and moved on to taking oaths. Participants were so serious while taking the oaths, emphasizing how important these moments had been emotionally.

It was during this function that a firm sense of obligation and morality was instilled in them. They were reminded of the promises they made in their businesses and everyday life. Their conduct ought to be monitored continuously in order to ensure they meet modern moral expectations.

TEACHER'S DAY & ENGINEER'S DAY

The Engineers Day Celebration was organized in the memory of Sir M. Visvesvaraya to motivate budding engineers. Engineer's Day and Teachers Day were collaborated events which were organised at the IT Seminar Hall on the 15th of September in 2023. The event commenced at 2:15 pm. The ceremony started with an inauguration address by Dr. M.L. Bangare, Prof. S.A. Nagtilak and other dignitaries who paid their respects to Sir Visvesvaraya. There were speeches and debates reflecting on why engineering is so crucial for any society's development and progressiveness orientation. Every feeling was shared at the event - admiration for the past greats in this profession and a desire to inspire future generations into following suit. In summary, it can be said that Engineers Day Celebration was all about showcasing how significant engineering as a career field is. Tools like curiosity help us in understanding new things across different domains thereby enhancing our creativity levels. An amazing event that established Zero Gravity as a prominent club of the STES.

The Teachers' Day celebration was a heartfelt event dedicated to honoring educators. The day featured a variety of activities, including speeches from both students and faculty, cultural performances, and the presentation of awards to outstanding teachers. The atmosphere was one of deep gratitude and respect, as students expressed their appreciation for the dedication and hard work of their teachers. The event also included vibrant performances by students, adding a festive and joyful element to the celebration.

Teachers' Day served as a significant occasion to recognize the essential role that educators play in shaping the future of students. The celebration had a positive impact on the morale of the teachers, reinforcing their commitment to their profession. Overall, the event was a joyous and respectful occasion that successfully honored the invaluable contributions of teachers.

GUEST LECTURE

ACHIEVE IT ALL

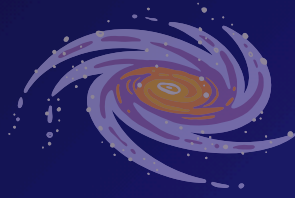

Samyak Jain had been invited for his guest lecture at the IT Seminar Hall, SKNCOE on 4th October 2023. Everyone had gathered at the venue by 11 am. During the Guest Lecture by Samyak Jain, students and participants gained a comprehensive knowledge of a particular subject matter through this highly educational and interactive session. Several crucial themes were addressed by Jain in his area of expertise while combining both practical and theoretical perspectives.

The session was structured for accessibility to different audiences, with Jain breaking down difficult ideas into simpler elements. Participants actively participated in discussions during the lecture that was highly engaging as well as being encouraged to ask questions.

The lecture received positive responses with wider comprehension of the topics discussed. Moreover, it also provided opportunities for students to develop new concepts regarding their fields. It is worth noting that the whole event was a success; therefore, it provided each one who attended some useful learning experiences.

INTER-COLLEGE PROJECT COMPETITION

The Inter-College Project Competition was a vibrant event organized by the Department of Information Technology, bringing together participants from various colleges. The project competition took place on the 15th of March, 2024 at 10 am. The competition was organized at the IT Department, SKNCOE, the competition showcased innovative projects that demonstrated the technical skills and creativity of the students. Esteemed guests, including Vice-Principal Prof. R.H. Borhade and HoD IT Dr. M.L. Bangare, attended the event, adding to its significance. The competition provided a valuable platform for students to present their work, network with peers, and gain insights from industry experts. The event was a resounding success, fostering a spirit of innovation and collaboration among the participants. Overall, this rewarding experience unleashed innovation within individuals while promoting teamwork during brainstorming sessions held at such events like these ones.

TECHNOSPARK

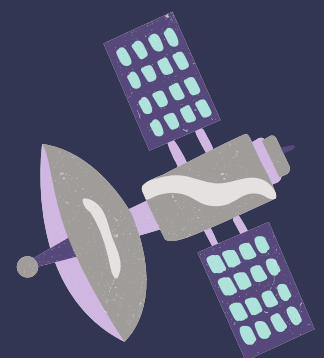

The TechnoSpark event offered a complete picture of the operations, financial situation and strategic direction of the company. Techno spark was a two day event which fell on the 11th and 12th of March at the SKNCOE building. The event commenced at 11 am and concluded at 4:30 pm each day. The occasion started with an introductory even to TechnoSpark which highlighted its mission, vision, and core values. After this came a market analysis that explored industry trends, key competitors as well as customer demographics thus positioning it within its industry.

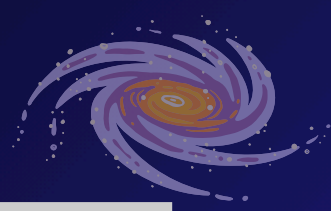

A significant part of this event was based on how TechnoSpark's finances have been performing through a detailed discussion on revenue, profit margins and expenses amongst other things. Visual aids including graphs and charts were used to emphasize financial trends while comparing the company's performance against industry standards. This was important for evaluating TechnoSpark's stability and potential growth opportunities.

The event also covered various strategic initiatives that are currently being pursued or are about to be implemented by TechnoSpark such as new product launches, technological innovations, partnerships and market expansion efforts. Through these strategies, attendees were able to have an insight into what direction the company intends to take in future.

To sum up, stakeholders got valuable insights regarding current status of the company and future plans during the TechnoSpark event which would help them make informed decisions regarding their involvement with it in relation to it's operations today.

MEET OUR TEAM

OUR MISSION

Our club's mission is to foster a collaborative community that champions innovation and intellectual growth. By uniting diverse talents, we strive to transcend conventional boundaries, driving the creation of impactful solutions

Do not go gentle into that good night, Old age should burn and
rave at close of day; Rage, rage against the dying of the light.

Do not go gentle into that Good Night.....
